"PUT AND TAKE" TOPS NOW
FORM SUBJECT OF LAW
ALBANY, N. Y., March 15.—A bill aimed at "put and take" tops was passed by the assembly today with one dissenting vote. The measure prohibits the sale of implements in the use of which there is an element of chance in winning or losing money. It is believed it also would affect dice, roulette wheels and other paraphernalia of gambling.

WOODARD CELEBRATES NINETIETH BIRTHDAY

FOUNTAIN CITY, Ind., March 15.—The Rev. Luke Woodard celebrated his ninetieth birthday anniversary Sunday by preaching at the Friends' church here in the morning. He ate dinner with his daughter, Mrs. I. P. Hunt, and invited his friends to call from 3 to 5 o'clock in the afternoon. Light refreshments were served to about 70 persons. Tokens of remembrance were given the Rev. Woodard. The Rev. and Mrs. David Coppock recited and sang songs, and the Rev. Aaron Worth recited a poem. Seventy letters and one telegram of greeting were received by the Rev. Woodard.

W. J. RYAN'S HOME GIVEN TO METHODIST HOSPITAL
LINCOLN, Neb., March 15.—Formal announcement that Fairview, the home estate of William Jennings Bryan, southeast of Lincoln, had been tendered to the Methodist Episcopal Hospital association was made Tuesday by Charles W. Bryan, a brother. The buildings and 10 acres of ground are to be transferred. No condition is attached to the gift, according to Mr. Bryan, other than that the property shall be used and maintained for hospital purposes. The property is valued at about \$100,000.

REPAIRING OF SHOES AND WIRELESS STUDY ON JUNIOR PROGRAM

A course in practical shoe repairing will be offered at the Dennis Junior high school for any boys desiring the fundamental principles of this line of work.

Equipment for the shoe repairing is to be placed in a section of the woodwork shop and will be taught by the instructor of that shop. The room is divided in sections for the different kinds of work. Pattern making, wood turning and work along those lines will be taught in the same room with the shoe repairing.

A wireless section will be placed in the machine shop and in other sections of the room will be forging, beaten metal, sheet metal, general repair, welding and vulcanizing. The boys will have the opportunity of gaining broader experience in machine lines.

Collections of wireless equipment are to be made. Many of the parts will be made by the machine students in the other sections of the room. This plan is thought to be one which will prove educational and beneficial. Wireless telephone equipment, wireless telegraph and other outfits will be installed and a complete study will be made under a capable instructor. Along with the wireless work, will be general electric instructions along various lines.
